The Internal Revenue Service has announced that under the Tax Code, donations to the Department of Veterans Affairs General Post Fund for exclusively public purposes are deductible from federal income taxes in the manner and to the extent allowable. The announcement reflects the tax law provision which makes those donations deductible as "donations to the United States." Donations to support any of the Department's programs are deductible, whether the donor directs that the donate funds be used for a specific purpose or allows the Department to decide how the donated funds will be used.
